#### **Harold Smith:**

As a college student exactly feel bored to be able to reading. If their teacher requested them to go to the library as well as to make summary for some publication, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the educator want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Adding up the distance: Critcal success factors for Internet-based learning in developmental mathematics can make you experience more interested to read.
