Dead Sea Scrolls: Their History and Myths Revealed

John DeSalvo PhD

Dead Sea Scrolls: Their History and Myths Revealed John DeSalvo PhD

One of the greatest historical unearthings of modern times, the Dead Sea Scrolls were first discovered by a Bedouin shepherd in the Judean in 1947, and quick became the subject of endless debate and speculation.

Yet it was not until 1991 that all 800 documents from eleven caves were translated and immediately numerous theories were posed about their true authorship and dating.

Author John DeSalvo places the scrolls in their historic context, and explains their classification and the methods of working on and dating the scrolls. He discusses specific texts, the enigmatic Essene community at Qumran, and what has come to light about the scrolls from the artifacts, cemeteries and graves that surround the settlement at Khirbet Qumran.

The now famous Copper Scroll with its detailed list of supposed buried treasure is examined as are the theories surrounding it, such as the possible connection with the lost treasure of the Knights Templar, and the scrolls relevance to Jesus and the New Testament are also examined in this fascinating, beautifully illustrated book.

So , why not try out this book? Let's see.

Tabitha Devore:

This Dead Sea Scrolls: Their History and Myths Revealed is brand new way for you who has attention to look for some information given it relief your hunger associated with. Getting deeper you on it getting knowledge more you know otherwise you who still having small amount of digest in reading this Dead Sea Scrolls: Their History and Myths Revealed can be the light food for you personally because the information inside that book is easy to get by means of anyone. These books build itself in the form which is reachable by anyone, that's why I mean in the e-book web form. People who think that in publication form make them feel drowsy even dizzy this guide is the answer. So you cannot find any in reading a guide especially this one. You can find actually looking for. It should be here for an individual. So , don't miss this! Just read this e-book type for your better life along with knowledge.

Florinda Redfern:

As a scholar exactly feel bored in order to reading. If their teacher questioned them to go to the library or to make summary for some reserve, they are complained. Just small students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that examining is not important, boring as well as can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Dead Sea Scrolls: Their History and Myths Revealed can make you truly feel

more interested to read.
