The Adventures of Hatim Taï, a Romance (Classic Reprint) Hâtim Tai

This publication is intended to supply a great want which has been felt for years together by the reading portion, (of both the Native and European communities), of a new English edition of Duncan Forbes stranlation of the Persian work. The English translation of the original Persian, was, for the first time, printed in England in the year 1830. I t, however, passed through its second edition in this country in the year 1836, and the short space of time within which it went through a second edition bears testimony to its sterling merits as a book of amusement and interest. The work, though a fiction in its character, purports to describe the adventures of a man well-known for the liberality of his disposition, and the magnanimity of his heart, as the true benefactor of mankind, and is thus calculated to convey in a very high degree a clear conception of the characteristics of oriental life and modes of thought. Not a single copy either of the first or of the second edition can be had at present even for references sake, owing no doubt to the long space of time which has elapsed since the date of the last edition. After a great deal of trouble I succeeded in getting a copy of it, from which this third edition is now offered to the public.

(Typographical errors above are due to OCR software and don't occur in the book.)
