The Christian Science myth, Walter Ralston Martin

Walter Ralston Martin (September 10, 1928 - June 26, 1989), was an American Evangelical minister, author, and Christian apologist who founded the Christian Research Institute in 1960 as a para-church ministry specializing as a clearing-house of information in both general Christian apologetics and in countercult apologetics. As the author of the influential *The Kingdom of the Cults* (1965), he has been dubbed the "godfather of the anti-cult movement". Martin's primary approach to assessing cults was to focus on doctrinal issues, particularly those concerning the person, nature and work of Christ. Martin emphasized research and quoted directly from the teachings of the cults, challenging their claims to Christianity by pointing out the biblical errors in their theology. For many evangelicals, he standardized the dominant style of counter-cult apologetics by refuting these claims using primary source material and historically valid biblical texts.
