Ian Kershaw

The Nazi Dictatorship: Problems and Perspectives of Interpretation (Hodder Arnold Publication) Ian Kershaw

This widely-used text on the Nazi regime explores the complex issues historians face when they interpret the Third Reich. Kershaw expertly synthesizes data and evaluates complex historiography looking at the major themes and debates among scholars about Nazism. Drawing on the findings of a wide range of research, particularly the work of German scholars which has not been widely available in English editions, he uncovers interpretational problems, outlines the approaches taken by various historians, and provides clear evaluations of their positions.

This edition reflects current concerns and fresh research and contains substantial revisions to the chapter on "Hitler and the Jews" and an updated survey of recent historical work including Goldhagen's controversial book, *Hitler's Willing Executioners*.
