The Purrfect Stranger: A Redstone Clan Short Story Bianca D'Arc

A blind date could just be the love her life...

Valerie Faber comes from a long line of magic users of incredible power. Clan Faber is so skilled, they teach other mages how to use their abilities. All, except for Valerie. What little power she does have seems to be in the realm of house pets and familiars. Not very useful to a Clan used to epic abilities.

Keith is a werecougar with a mixed heritage that makes him a little different from the rest of his Clan. He's overcome it all to become the local Alpha, but he hasn't yet found the woman who can make him purr in human form.

A blind date brings them together, though rarely do shifters mix with mages. After a tempestuous night together, Keith is hot on Valerie's trail - with the help of her feline friends and a little interference from a well-meaning family member. He'll do anything to keep Valerie in his life, including stalking her in Clan Faber's magical fortress.
