MY SNOWBALL is a story that takes place in Hooksett, New Hampshire. It is a story that offers a glimpse of the love that a small boy has for the animals, especially for his dog, Sunshine, and his cat, Snowball.

Snowball, a smart and beautiful cat, teaches Max, a nine-year-old boy, that animals love people and show their love through actions, although the actions and experiences are sometimes very painful. Snowball was tortured by a nasty boy, David, but she never gives up because she wants to make her best friend, Max, happy by finding his skateboard, which David had stolen from him. At the end, Max teaches all of his friends that they shouldn't take things that don't belong to them, because sooner or later, they will be discovered and will be punished for their actions.

The moral of the story to his friends is to love animals, work hard in school, and always do good deeds in life.
