Frog On A Log Diana F Acheson

A delightful counting book set in rhyming style that focuses on counting from 1 - 10 and then backwards again. This is the story of a frog who sits on a log in his pond. He is happy but soon other things come to be with him. 2 flies, 3 fea, 4 spiders etc. By the time we get to 10 his pond is full and he screams for QUIET! This book also is wonderful for finding the various objects on the page. Some are hidden, others are easier to see. Once the counting begins to go backwards, things start to disappear. Beautiful illustrations in a variety of colors can also be used to teach children their colors.
