Skinwalker Ranch gets its name from a stretch of topography that runs down the middle of this part of Utah like a spine, and which the people indigenous to the area refer to as the path of the skinwalker. For literally hundreds of years, and perhaps even thousands, strange entities and unexplained anomalies have made themselves known, often appearing as if out of nowhere, and then disappearing again by means just as mysterious. Looking for rational explanation, there are many who believe the ridge serves to hide portals leading to that same alternate dimension which the Pueblo People, here 1200 years before the birth of Christ, believed were traveled by the very beings which gave life to the Earth People. Skinwalker Ranch In the Shadow of the Ridge is the story of a family whose life was changed for ever by a series of encounters with unknown entities inhabiting the ridge towering over their home. Told by the psychologist who came to their assistance, it is an incredible tale and powerful testimony to the supposition that we may not be not alone...ever.
