## **Automotive Safety Handbook** Ulrich Seiffert & Lothar Wech

The first and only book with extensive coverage of both active and passive safety systems, this second edition of the Automotive Safety Handbook describes basic relationships and new developments related to accident avoidance (including the man/machine interface) and mitigation of injuries. Examining the state-of-the-art in passenger car vehicle safety, the book features thorough discussion of the interrelationships among the occupant, the vehicle, and the restraint system (in frontal, lateral, and rear impacts and rollover).
