An edgy and intimate glimpse at what one girl will do just to be the life of the party.

Before, I was never the life of the party. I was the reliable one. The one no one had to worry about. The one no one had to think about. I was the one that everyone could ignore.

Until that night, when everything changed and I finally became *someone*. Someone special. Someone memorable. Someone Carson might actually care about...

But the cost of being *someone* is more than anyone can imagine. For every moment, there's a price to pay. For every party. For every choice made. For every kiss.

Living a life of *pure ecstasy* might be no different from not living at all.
