Cars have always appealed as model subjects as - unlike airplanes or military subjects - the real thing is likely to be sitting outside the modeler's house. From the first car kits produced in the early 1950s, mainly dominated by American machinery, we now have a choice of automotive examples from around the world. The joint scale of 1:24/1:25 dominates car models, and it is these scales that will mostly be found in this book, from stock builds to race cars to wild customs.
