## The UK Pesticide Guide 2013

*The UK Pesticide Guide* is the most authoritative source of information on pesticides and adjuvants for UK agriculture, horticulture, forestry and amenity use. Edited by a leading authority in the field, this new edition is thoroughly updated with new active ingredient listings, including some new combinations of existing actives. Many products due to expire in 2012 or 2013 that have now been granted extensions are listed, and hundreds of new SOLAs, now known as Extension of Authorisation for Minor Use (EAMUs), essential for protection of less mainstream crops, are included. New for 2013: improved indexing of products also registered (PARs); inclusion of biodiversity information; hundreds of new EAMUs listed; revised active ingredient listings.
