Not everyone can run a private detective agency with their spouse, but Daniel Atwell loves working for his wife Stephanie Hawthorne. Sure, they make a great team, but he'd go crazy if he didn't push her buttons occasionally. Perhaps that's why he agrees to meet with Andrea Swope, a selfish old girlfriend who wants help in curbing her husband's infidelity. After rejecting her business, the pair think they are done with Andrea until they learn about her murder that same day in a botched robbery, kicking off a city wide manhunt. Months later, the police are stumped and the grieving widower turns to Stephanie for answers. In short order, Daniel learns enough about his old flame that he wants to lead the lynch mob himself. Yet, not everything is as it seems. Daniel soon has his hands full with a shady animal shelter and an uncooperative local political campaign. Now if he could only figure out what it all has to do with a certain missing red dress.
