## 100 Activities for Teaching Research Methods Catherine Dawson

A sourcebook of exercises, games, scenarios and role plays, this practical, user-friendly guide provides a complete and valuable resource for research methods tutors, teachers and lecturers.

Developed to complement and enhance existing course materials, the 100 ready-to-use activities encourage innovative and engaging classroom practice in seven areas:

- finding and using sources of information
- planning a research project
- conducting research
- using and analyzing data
- disseminating results
- acting ethically
- developing deeper research skills.

Each of the activities is divided into a section on tutor notes and student handouts. Tutor notes contain clear guidance about the purpose, level and type of activity, along with a range of discussion notes that signpost key issues and research insights. Important terms, related activities and further reading suggestions are also included.

Not only does the A4 format make the student handouts easy to photocopy, they are also available to download and print directly from the book's companion website for easy distribution in class.
