Competition for scholarship money in college baseball is fierce, and rosters spots are not easy to come by at any level. How do you increase your chances of both? Get seen by the right people at the right time who also have needs that match your skill set. This book will explain the process and open your eyes to the steps of selling yourself to a college baseball program that is also the best fit socially and academically.

We roll the whole equation out into an easy to understand format: NCAA rules of eligibility, talking to coaches, choosing schools, evaluating programs, choosing exposure opportunities like showcase and summer camps and more (see chapter outline). We explain the pro's and con's of your options and think you will be able to answer the most difficult question on your own after you have read the book. Where is the best place(s) for me to apply and play college ball?
