My Baby & Me: A Single Parent's Journal for the First Five Years

Judith Levy

My Baby & Me: A Single Parent's Journal for the First Five Years Judith Levy

In the mid-1980s, Judith Levy created a sensation with the publication of *Grandmother Remembers*, a book that has been reprinted 48 times and sold almost 2 million copies. There was nothing like it when it was first published, and it started a trend in keepsake, fill-in format books that continues unabated today. History may repeat itself with the publication of Levy's latest book, *My Baby & Me*. Here is the first baby book designed specifically for today's single parent. From Rosie O'Donnell to Madonna and Jodie Foster, many people today are opting for single parenthood, and this book is geared to their special needs. Here is a beautifully illustrated volume that is focused on today's nontraditional families. Fill-in sections of the book go from birth through age five and include spaces for all birthdays, special holidays, and trips, as well as average days in the lives of the parent and child. Suitable for single moms or single dads, this book, once filled in and pasted up with photographs and mementos, will become a treasured family heirloom to pass along to future generations.
