The Obama administration's overreaching and pervasive secularist policies represent the greatest government-directed assault on religious freedom in American history. So argue conservative movement leader Phyllis Schlafly and journalist George Neumayr in their new book, *No Higher Power*. In *No Higher Power*, Schlafly and Neumayr show how Obama is waging war on our religious liberties and actively working to create one nation under him rather than one nation under God. "*Obama views traditional religion as a temporary opiate for the poor, confused, and jobless—a drug that will dissipate as the federal government assumes more God-like powers, and his new secularist beliefs and policies gain adherents,*" write Schlafly and Neumayr. From cutting funding for religious schools to Obama's deliberate omission of God and religion in public speeches to his assault on the Catholic church, *No Higher Power* is a shocking and comprehensive look at how Obama is violating one of our most fundamental rights—and remaking our country into a nation our Founding Fathers would hardly recognize.
