Relationship Agreement: Avoid Breakup. Relationship Agreement sets forth acceptable and unacceptable conduct for people in romantic relationships. Sometimes spelling out agreements can avoid breakups. Couples can choose from the series of agreements by initialing each chosen page. Below each agreement is a space to handwrite proposed consequences in the event of a violation. The booklet includes an appendix with proposed consequences, and encourages couples to come up with their own ideas of what happens in the event of a breach. The appendix also sets forth dispute resolution forms. The author has established a web court (relationshipagreement.com) available to willing couples that wish to submit a dispute (at no charge) to the judgment of the Relationship Agreement Court. (The names can be changed to protect the guilty). This is not a book about community property, spousal support or other matters commonly set out in pre nuptial agreements. This is a book about how two people in a relationship will conduct themselves toward each other, with the overall goal of avoiding breakup and maintaining the relationship.
