The Free Will Sorin Cerin

PhD Professor Stefan Borbely: "Spirit deeply and sincerely religious, Sorin Cerin desperate search for the diamond hidden in the darkness of the rubble, of the ashes. A whole arsenal of the modernity negative - cups of the wilderness, water of the forgetfulness, slaughterhouses, the feast continuous of suffering, monkey of rotten wood, etc., etc. - is called to denounce in his lyrics, "lethal weapons of the consumer society" and "the madhouse" of the alienation by merchantability of our everyday existence. The tone is apodictically, passionate, prophetic, does not admit shades or replicas. "The new steps of faith" are enunciated peremptorily as hope of the salvation collective, "divine light" it shimmers in, deliverer, at end, still distant of the torture, but on the moment, the poet seems to be preoccupied exclusively rhetoric eschatological, glimpsing decadence, resignation moral or ruins almost everywhere where it can to walk or look "
