John H. Relethford

The Human Species: An Introduction to Biological Anthropology, 9th Edition John H. Relethford

In its ninth edition, *The Human Species* continues to provide a comprehensive approach to biological anthropology, especially the relationship between biology and culture, behavior in an evolutionary context, and humans as a species within the primate order. With its lively narrative and emphasis on the most current topics and findings in the field, *The Human Species* explores the major questions that concern biological anthropologists about our species.
