Optics (5th Edition) Eugene Hecht

A Contemporary Approach to Optics with Practical Applications and New Focused Pedagogy

Hecht Optics balances theory and instrumentation to provide you with the necessary, classical background through a lively and clear narrative.

Optics, Fifth Edition is distinguished by three core imperatives for the reader: up-to-date content in line with the ever-evolving technological advances in the Optics field; a modern approach to discourse including studies on photons, phasors, and theory; and improvements and revisions to the previous edition's pedagogy including over one hundred new worked examples.
