The Brontës: A Family Writes Christine Nelson

- An elegant publication that provides an intimate portrait of a family of writers, drawing on the rich Brontë collection of the Morgan Library & Museum
- A comprehensive array of manuscripts, rare printed books, personal documents and private letters to present a striking history of a remarkable family
- Accompanies a major exhibition at the Morgan Library, New York, from September 2016 January 2017

The Brontës of Haworth were a prodigiously imaginative literary family. From the earliest manuscripts of Charlotte, Branwell, Emily and Anne - written with a quill pen in a minuscule hand designed to mimic the printed page - to explosive novels, such as *Wuthering Heights* and *Jane Eyre*, written in adulthood by Emily and Charlotte, the family's writings continue to fascinate.

This elegantly designed, fully illustrated publication provides an intimate portrait of a singular family of writers through the manuscripts, rare printed books, personal documents, and private letters preserved in the Brontë collection of the Morgan Library & Museum, one of the world's finest.

It accompanies a major exhibition at the Morgan from 9 September 2016 to 2 January 2017.
