Holy Women Icons began as a painting project, giving traditional iconography a folk feminist twist. Across the vast pantheon of a virtually all-male sainthood, I noticed something was missing: women. Where were all the holy women across spiritual traditions?

I've painted over 50 Holy Women Icons and recount their stories in my 2014 book, *Holy Women Icons*.

Now is your chance to join me in the creative process. Color your way toward holiness! As you color, allow each dot to be a meditation, prayer, or mantra. Perhaps you may choose a virtue--such as peace or love--to focus on with each coloring page, or perhaps you could allow the woman you are coloring to inspire a virtue within you. However you choose to color, may your creative time with this contemplative coloring book enliven, inspire, embolden, sooth, and calm you.

A brief description of each holy woman, along with a small image of her painting, is found at the back of the coloring book for you to use as a reference if you wish.

May these holy women inspire and empower you.

May coloring their images embolden you.

May you discover something new about spirituality, history, and yourself.
