Pornucopia Pornucopia is a picaresque black comedy that transgresses all bounds of everyday good taste. It begins in a near-future world where sex-vending machines and genital transplants are taken for granted. Prior Gross, the hero and sex object of this wild adventure, thinks his fantasies have all come true when a beautiful young woman seduces him on a public beach. She turns out to be a succubus, beginning his initiation into a realm populated by demons that are not merely horned, but horny. He encounters a perverse cast of characters that includes a satyr, a vampire, and a pair of luscious sisters, one of whom tricks him out of his manhood. So Prior Gross sets out on a perverse odyssey, taking him to a distant planet where he discovers the key to the return of his property and, ultimately, the origin of the universe itself. The Magic Fart Picking up where Pornucopia left off, our hero Prior Gross receives word that his ideal woman, whom he never knew existed, is in trouble! Off he goes to the Land of Fartingale where farts are magic! A rollicking good time! Piers Anthony writes- "Be warned: this is not Xanth. But those who want their minds wickedly stretched, read on."
