This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table in the humid climate of Java. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information.

Topography is shown by altitude colouring with spot heights and names of mountain ranges and hills. Detailed presentation of the road network includes local tracks; railways and ferry connections to other islands of the Indonesian archipelago are also shown. Local administrative units are shown with their boundaries and names. National parks and other protected areas are highlighted. A wide range of symbols shows various places of interest including UNESCO sites, temples, museums and monuments, volcanoes, hot springs and other natural features, etc. Latitude and longitude lines are drawn at 30' intervals.

The map has an index of localities and an enlargement at 1:150,000 showing the environs of Jakarta. Multilingual legend includes English. High quality German cartography.
