A great addition to the collection of any brain gamer, puzzle master, or champion stoner, these images will blow you away and send your mind into other dimensions.

These fifty optical illusions will provide hours of totally spaced out wonderment, presenting content that is confounding and stimulating to the sober viewer but adds extra irreverence by playing off—and playfully joking on—the possibility of the reader being in an altered state. Every aspect of the book is treated as part of the optical illusions, such as printing all page numbers in reverse, having hemp seeds with drop shadows to look like the book had been used to separate bud seeds from ganja leaves, and more.
