Hegemonic Decline: Present and Past: 25 (Political Economy of the World-System Annuals) Jonathan Friedman, Christopher Chase-Dunn

Although the United States is currently the world's only military and economic superpower, the nation's superpower status may not last. The possible futures of the global system and the role of U.S. power are illuminated by careful study of the past. This book addresses the problems of conceptualizing and assessing hegemonic rise and decline in comparative and historical perspective. Several chapters are devoted to the study of hegemony in premodern world-systems. And several chapters scrutinize the contemporary position and trajectory of the United States in the larger world-system in comparison with the rise and decline of earlier great powers, such as the Dutch and British empires. Contributors: Kasja Ekholm, Johnny Persson, Norihisa Yamashita, Giovanni Arrighi, Beverly Silver, Karen Barkey, Jonathan Friedman, Christopher Chase-Dunn, Rebecca Gien, Andrew Jorgenson, John Rogers, Shoon Lio, Thomas Reifer, Peter Taylor, Albert Bergesen, Omar Lizardo, Thomas D. Hall.

The Enjoyable agreement here cannot be questionable, like treasuring beautiful island. So do you still want to miss the idea? Find this book and read it from at this point!

Marian Knight:

As a college student exactly feel bored to reading. If their teacher questioned them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their interest. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Hegemonic Decline: Present and Past: 25 (Political Economy of the World-System Annuals) can make you feel more interested to read.
