The Playwright Aleksandr Vampilov: An Ironic Observer (Middlebury Studies in Russian Language and Literature) Vreneli Farber

When he died in 1972, Aleksandr Vampilov (b.1937) was the most significant young playwright in the Union of Soviet Socialist Republics (USSR). He moved beyond Socialist Realism in both the questions he posed and the techniques he used. His plays are firmly grounded in Soviet reality, yet address universal and timeless themes – personal relations, moral purity, one's place in society, and the meaning of life. The first study in English of Vampilov's writings, this book argues that Vampilov was both an innovator in Soviet Russian drama of his day and a precursor of trends that developed in the 1970s and 1980s. Vampilov's work generated many debates because of the fundamentally subversive nature of its contents and its devices. This book makes a major dramatist of the twentieth century better known to the Western world and is of value to those interested in contemporary theatre as well as to Russian specialists.

Larhonda Kennedy:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that reading is not important, boring and also can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this The Playwright Aleksandr Vampilov: An Ironic Observer (Middlebury Studies in

Russian Language and Literature) can make you really feel more interested to read.
