Minor Characters Have Their Day (Literature Now) Jeremy Rosen

How do genres develop? In what ways do they reflect changing political and cultural trends? What do they tell us about the motivations and desires of publishers and readers? Combining close readings and formal analysis with a sociology of literary institutions and markets, *Minor Characters Have Their Day* offers a compelling new approach to genre study and contemporary fiction based on its analysis of the booming genre of novels that transform minor characters from canonical literary texts into the protagonists of new works. Focusing on a crucial yet frequently unacknowledged genre, Jeremy Rosen makes broader claims about the state of contemporary fiction, genre, and the consolidation of the publishing industry over recent decades. In the concluding chapter, he intervenes in the theory of literary character.
