Contemporary Oral Literature Fieldwork. A Researcher's Guide Peter Wasamba

Contemporary Oral Literature Fieldwork is based on rich research experience dating back to the 1990s. The book is written against the backdrop of Africa's confusion with regard to the place of oral literature in the face of the rest of the world, where oral literature exists in conjunction with new literary forms. Wasamba argues that the oral and the written literatures are complementary literary forms. Throughout the work, the author underscores the universal dimension of oral literature as he demonstrates its particular attributes.
