The Management Myth: Why the "Experts" Keep Getting It Wrong

Matthew Stewart

The Management Myth: Why the "Experts" Keep Getting It Wrong Matthew Stewart

Alongside his devastating critique of management philosophy from Frederick Taylor to Tom Peters, Stewart provides a bitingly funny account of his own days in a management consulting firm. Combining hands-on experience with the theoretical underpinnings of contemporary fads in efficiency improvement, empowerment, and strategy, Stewart knows his stuff, and thus he lays bare how consultants really have done very little for the business of others while making a killing for themselves.
