Pests of Landscape Trees and Shrubs: An Integrated Pest Management Guide Steve H. Dreistadt

This is the ultimate guide to managing landscape pests! With this manual in hand you will be able to diagnose and manage hundreds of insect, mite, weed, plant disease, and nematode pests. Inside you'll find updated information on how to use environmentally safe, ecologically based IPM methods; landscape designs that prevent pests; how to select resistant varieties; advice on the use of less-toxic pesticides such as botanicals, oils, and soaps; and tips on planting, irrigating, and other plant-care cultural activities that help in avoiding problems. Contains over one hundred pages of easy-to-use tree and shrub pest tables; invaluable in helping you identify common pest problems now on over 200 types of ornamental trees and shrubs. Includes 432 color photographs, 117 drawings and tables, references, glossary, and an index.

From reader reviews:

Terry Sugg:

Do you have favorite book? If you have, what is your favorite's book? Guide is very important thing for us to understand everything in the world. Each guide has different aim or goal; it means that book has different type. Some people truly feel enjoy to spend their time to read a book. They are really reading whatever they have because their hobby is actually reading a book. Why not the person who don't like reading through a book? Sometime, person feel need book whenever they found difficult problem or maybe exercise. Well, probably you'll have this Pests of Landscape Trees and Shrubs: An Integrated Pest Management Guide.

Christina Love:

What do you in relation to book? It is not important together with you? Or just adding material when you need something to explain what yours problem? How about your time? Or are you busy man? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have free time? What did you do? Everyone has many questions above. They have to answer that question because just their can do this. It said that about e-book. Book is familiar in each person. Yes, it is appropriate. Because start from on guardería until university need this kind of Pests of Landscape Trees and Shrubs: An Integrated Pest Management Guide to read.

Teresa Hunter:

Your reading sixth sense will not betray you, why because this Pests of Landscape Trees and Shrubs: An Integrated Pest Management Guide guide written by well-known writer whose to say well how to make book which can be understand by anyone who read the book. Written throughout good manner for you, still dripping wet every ideas and writing skill only for eliminate your personal hunger then you still hesitation Pests of Landscape Trees and Shrubs: An Integrated Pest Management Guide as good book not simply by the cover but also with the content. This is one guide that can break don't ascertain book by its include, so do you still needing yet another sixth sense to pick this kind of!? Oh come on your studying sixth sense already alerted you so why you have to listening to an additional sixth sense.

Mary Ponce:

As a college student exactly feel bored for you to reading. If their teacher inquired them to go to the library or even make summary for some guide, they are complained. Just minor students that has reading's heart or real their hobby. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring as well as can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Pests of Landscape Trees and Shrubs: An Integrated Pest Management Guide can make you truly feel more interested to read.
