The Night Butterflies

Sara Litchfield

The Night Butterflies Sara Litchfield

It is always dark. Warmer than it should be. The sun is a dull glower of reproach, only sometimes visible through the fallout. A once-majestic university town is crumbled, ashen and divided. The Men have made their home the Facility, where they develop the medication to combat the radiation that would otherwise kill those left alive. Another day at school for Teacher. Another morning of bullying and torment from a batch of doll-like triplets more violent and unbalanced by the day. They are the nightmare product of Project Eden, the operation devised by Leader for the survival of the community, seeded in the Mothers without their consent. Teacher has hope. She has a secret. When it is uncovered by Jimmy-1, a triplet who might be different, what will it mean for his future and hers? Not just another dystopian novel. New author Sara Litchfield explores what it means to be a child, a mother and a monster in a chilling world devoid of comfort.
